

Helpful Tips for Using Your CapTel Phone

Spring Cleaning

As part of your spring cleaning process, remember to clean your CapTel phone, too! You can use cleaning solution or a disinfecting wipe to clean the handset and dial pad.

For the display screen, spray disinfectant onto a soft cloth first, and then carefully wipe the screen.

Do not spray cleaning solution directly on the display screen. You can also use a soft anti-static cloth to "dust" the display screen from time to time.

Celebrating Better Hearing & Speech Month

For millions of people around the globe, May is recognized annually as Better Hearing & Speech Month. First founded by the American Speech-Language-Hearing Association (ASHA) in 1927, Better Hearing & Speech month provides opportunities to raise awareness about hearing and speech issues, and to encourage people to think about their own hearing. The 2022 theme is "Connecting People" – which also happens to be CapTel's mission!

FEDERAL LAW PROHIBITS ANYONE BUT REGISTERED USERS WITH HEARING LOSS FROM USING INTERNET PROTOCOL (IP) CAPTIONED TELEPHONES WITH THE CAPTIONS TURNED ON. IP Captioned Telephone Service may use a live operator. The operator generates captions of what the other party to the call says. These captions are then sent to your phone. There is a cost for each minute of captions generated, paid from a federally administered fund. No cost is passed on to the CapTel user for using the service.
